### Notes about Foreign Currency Deposits: Read the following guidelines before you apply to the campaign.

Please read the latest "Information Memorandum" before making foreign currency deposit transactions. This document is available at our branches, etc.

Risk of loss of principal •Foreign currency deposits entail a risk of FX fluctuations. Due to the market volatility, the amount in yen that you receive may be smaller than the amount in yen at the time of deposit, resulting in a loss of principal. •The TTS rate (the rate at which yen is converted into foreign currency) and the TTB rate (vice-versa) are different (e.g. for US dollar, the difference is 2 yen per dollar). As a result, the amount in yen (including interest) that you receive may be smaller than the amount in yen at the time of deposit, resulting in a loss of principal, even if foreign exchange rates do not fluctuate. Commissions TTS rate and TTB rate include a foreign exchange commission set by SMBC Trust Bank. (For US dollars, maximum of 1 yen per dollar to convert one way (i.e., from yen to dollar or dollar to yen) and 2 yen per dollar if converting into and subsequently out of yen or dollar.) •Foreign currency cash handling fee: Fee is charged on each deposit or withdrawal of cash in a foreign currency (2 yen per US dollar, and 3 yen per Euro). •Because other transaction fees for fund transfer etc. differ according to each transaction, we can't list all beforehand. •For more details, please contact our branches or call us, or see the Service Fee List. Other considerations •Withdrawals of foreign currency time deposits may not be allowed before maturity. However, withdrawals of Step Up Time Deposits are allowed after 6 months from the date of deposit. Foreign Currency Deposits are not covered by any deposit insurance. Currencies of emerging countries involve more risks than those of developed countries. 

Customers performing foreign currency deposit transactions for the first time (including receiving the funds in foreign currency by fund transfer) will be required to conclude a PRESTIA MultiMoney Foreign Currency Savings Deposit Contract. (If a customer who has not concluded a PRESTIA MultiMoney Foreign Currency Savings Deposit Contract receives funds in a foreign currency, the funds will be converted to yen at SMBC Trust Bank's specified exchange rate, before being deposited in their account.) Applications can be submitted via PRESTIA Online, at branches and mini branches or by mail. The application process will take a few business days to conclude the contract.
