Interest rate change rules after the initial applicable interest rate period ends	<ul style="list-style-type: none"> After the initial interest rate period ends, the interest rate will be determined based on the investment property loan base rate (floating rate, 1 year renewal) as of the month preceding each interest rate change. The same rule will be applied on future interest rate changes while floating interest rate is in effect. By applying to SMBC Trust Bank, you can select an investment property loan with a fixed rate for 3, 5, 7, 10 years. In this case the rate will be determined based on the base interest rate for the applicable interest period. Customers who change to fixed rate loans can make their selection among 3, 5, 7, or 10 year fixed rate interest terms either by phone or at branches. However, there is a fee for making this selection.

Applications made after 4:30 p.m. on the 23rd to the end of the month will take effect on the 26th of the current month. The new interest rate will be applied from the day following the interest rate change date (In both cases, the next business day when the date falls on a bank holiday). The next date on which the interest rate changes after switching to a fixed interest rate loan (the next business day when this date falls on a bank holiday): <ul style="list-style-type: none"> * Re-price date for customers who do not select increased bonus repayments, or customers who select December and June for increased bonus repayments <table border="1" data-bbox="419 465 1497 618"> <thead> <tr> <th>Interest rate term</th> <th>3 year term</th> <th>5 year term</th> <th>7 year term</th> <th>10 year term</th> </tr> </thead> <tbody> <tr> <td>Interest rate term change by Aug 26</td> <td>Dec 26 in 2 years</td> <td>Dec 26 in 4 years</td> <td>Dec 26 in 6 years</td> <td>Dec 26 in 9 years</td> </tr> <tr> <td>Interest rate term change on Sep 26 or thereafter</td> <td>Dec 26 in 3 years</td> <td>Dec 26 in 5 years</td> <td>Dec 26 in 7 years</td> <td>Dec 26 in 10 years</td> </tr> </tbody> </table> The amount of repayment (total amount of interest rate and principal), and the interest rate will be revised according to the interest rate term you select.
