<p>Interest rate change rules after the initial applicable interest rate period ends</p>		<ul style="list-style-type: none"> • After the initial interest rate period ends, the interest rate for the floating rate loan (1 year renewal) will apply. This rate is based on the housing loan base rate as of the first of the month preceding each interest rate change. For example, if the interest rate changes in December, the interest rate as of November 1st applies (or, alternatively, the next business day when this date falls on a bank holiday.) Customers who change their loans to a 3, 5, 7, or 10 year fixed rate will receive the housing loan base interest rate for the applicable interest rate term (for example, a 5 year term, in the case of a 5 year fixed rate loan.) • Customers who change to fixed rate loans can make their selection among 3, 5, 7, or 10 year fixed rate interest terms either by phone (anytime) or at branches (within business hours). However, there is a fee for making this selection. • When applications to change to a fixed interest rate loan are made by 4:30 p.m. on the 23rd of each month (the previous business day when this date falls on a bank holiday), the change date will be the 26th of the previous month. Applications made after 4:30 p.m. on the 23rd to the end of the month will take effect on the 26th of the current month. The new interest rate will be applied from the day following the interest rate change date (In both cases, the next business day when the date falls on a bank holiday). • The next date on which the interest rate changes after switching to a fixed interest rate loan (the next business day when this date falls on a bank holiday). <table border="1" data-bbox="411 622 1487 779"> <thead> <tr> <th>Interest rate term</th> <th>3 year term</th> <th>5 year term</th> <th>7 year term</th> <th>10 year term</th> </tr> </thead> <tbody> <tr> <td>Interest rate term change by Aug 26</td> <td>Dec 26 in 2 years</td> <td>Dec 26 in 4 years</td> <td>Dec 26 in 6 years</td> <td>Dec 26 in 9 years</td> </tr> <tr> <td>Interest rate term change on or Sep 26</td> <td>Dec 26 in 3 years</td> <td>Dec 26 in 5 years</td> <td>Dec 26 in 7 years</td> <td>Dec 26 in 10 years</td> </tr> </tbody> </table> <ul style="list-style-type: none"> • The amount of repayment (total amount of interest rate and principal), and the interest rate will be revised according to the interest rate term you select. • The borrower cannot switch back to a floating rate loan (1 year renewal) after switching to a fixed rate. • Once a customer has switched to a fixed rate, housing loan (fixed rate) rules apply.
